As written by the client...

"I am in my first year at Cardiff University to studying History. This is a full-time degree and it will be my first time living away from home. I am looking for a PA to help me with personal care, academic support and socialising.

I have Duchenne Muscular Dystrophy (DMD), which is a severe, rapidly progressive, muscle wasting, life limiting condition, so I need somebody who is understanding and patient. I am a full-time wheelchair user and don't have the ability to walk, but I won't let this stop me enjoying the full university experience.

Like most students, I will be living in student halls during my time at university, where you will have your own separate room for your own privacy. I am looking for a PA who is friendly and outgoing and sensible but fun. It's important to me that you can socialise with my friendship group. If we can get along, you will certainly get along with my friends like a house on fire! (But please don't set my house on fire!!!)"

About You:

- Must be trustworthy, and reliable, have a sense of humor and be flexible.
- You will be energetic, proactive with a 'can do' attitude, motivated to do the best for our client at all times, a team player with a good sense of humor and excellent conversational skills.
- Experience with professional care would be desirable but not essential as you will receive full training around our clients care needs.

- DBS Check and references will be required upon successful application.
- Clean Full UK driving licence (essential)
- Flexibility, when a need arises, to ensure 24/7 cover is maintained.

Application Process: To apply, please submit a cover letter describing your interests and explaining why you would be a suitable candidate for this unique opportunity.
