About our client:

"I am looking to employ a Personal Assistant to support me with my personal, social and domestic needs.

I am a young female and I have Spinal Muscular Atrophy type 2, which has profoundly weakened my voluntary muscles, resulting in me being unable to weight-bear. As a result, I am a full-time powered wheelchair user, my respiratory system is compromised and the majority of my nutrition is met via a gastrostomy.

I graduated from university in 2022 with a master's in chemistry 1st class honours. I am now working as a medical writer.

I live at home with my Mum, Dad, and dog. I love being outdoors and spend a lot of my free time visiting National Trust parks and zoos, as I am also very interested in animal/wildlife conservation and climate change. I am a massive Disney, Disney Parks and musical theatre fan! I also enjoy music, my favourite artists being The Script, McFly and Taylor Swift. I enjoy baking, crochet and crafting using my smart cutting machine. I also enjoy shopping and going to the cinema.

I need PAs to physically support me during my time outside of work and be able to drive my Motability wheelchair accessible vehicle.

Applicants must be kind, patient, discreet and caring.

Past care experience is preferred but not essential, as full training will be provided".
